Welcome New Member,

Over the next several months PACSAR encourages you to start the following online courses. Below are the links for the NIMS 100.b, 200.b, 700.a, & 800.b. These are FEMA courses that will help you with search management, we also encourage you to take NASAR SARTECH III, which is also an online course, this course has a fee. The best book that will help you with all courses is NASAR'S Fundamentals of Search and Rescue. All members are required to have CPR/AED and First Aid Certification as soon as possible. If you do not have these certifications please let us know and we will contact one of the Instructors @ the Reinhold's Ambulance Association. If you are a K-9 handler, the Canine First Aid is also required.

Links for NIMS, please take in this order.

1. <https://training.fema.gov/is/courseoverview.aspx?code=IS-100.b>
2. <https://training.fema.gov/is/courseoverview.aspx?code=IS-700.a>
3. <https://training.fema.gov/is/courseoverview.aspx?code=IS-200.b>
4. <https://training.fema.gov/is/courseoverview.aspx?code=IS-800.b>

NASAR SARTECH III COURSE

<https://netforum.avectra.com/eweb/shopping/shopping.aspx?site=nasar&webcode=shopping&cart=0&shopsearchCat=Merchandise&productCat=Online+SARTECH+III>

Go to www.nasar.org then choose the Online Store, once on that page go to the Select Category and choose Online SARTECH III and there you will have the option to take the Official Online SARTECH III Exam or the Unofficial Online SARTECH III Exam (PRACTICE EXAM). Once you purchase either one you will get an email in a couple of days with your code that will be needed to take the exam. Since we at PACSAR are becoming certified with more NASAR courses it would be a good recommendation to become a NASAR member.

You will need a NASAR SARTECH II 24 hour back pack, attached is the list of items that is recommended, please don't feel that you must get all the items at once, for it becomes very costly if you do. We highlighted recommended items that we feel are needed to get started.

Welcome,

Team PACSAR
